

College and County - Guide to charges for Landlords

Our charges to landlords depend on a number of variables, such as:

- The distance of the property from our office
- The quality/condition of the property
- The monthly rental amount, etc.

However fees charged will never exceed 15.4% (including VAT) of rent collected each month. Invariably fees are considerably less which are calculated on a case by case basis.

Please do not hesitate to contact us to discuss this further.
